## **The Annual Quality Assurance Report (AQAR) of the IQAC**

(For Autonomous Colleges)

Institutions Accredited by NAAC need to submit an Annual self-reviewed progress report i.e. Annual Quality Assurance Report (AQAR) to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the IQAC at the beginning of the Academic year. *The AQAR period would be the Academic Year. (For example, July 1, 2017 to June 30, 2018)*

### **Part – A**

**AQAR for the year : 2019-20**

#### **Data of the Institution**

*(data may be captured from IIQA)*

1. Name of the Institution: **DKTE Society's Textile & Engineering Institute, Ichalkaranji**
  - Name of the Head of the institution : **Prof. Dr. P. V. Kadole**
  - Designation: **Director**
  - Does the institution function from own campus: **Yes**
  - Phone no./Alternate phone no. **+91-230-2421300, 2437316**
  - Mobile no. **09422045539**
  - Registered Email: [\*\*dktestextile@gmail.com\*\*](mailto:dktestextile@gmail.com)
  - Alternate Email : **---**
  - Address : **'Rajwada', Near Zenda Chawk,**
  - City/Town : **Ichalkaranji**
  - State/UT : **Maharashtra**
  - Pin Code : **416 115**

2. Institutional status:

- Autonomous Status ( provide the date of Conformance of Autonomous Status):  
**An Autonomous Institution – June 2016**
- Type of Institution: Co-education/Men/Women: **Co-education**
- Location : Rural/Semi-urban/Urban: **Urban**
- Financial Status: **Self financing**  
(please specify)
- Name of the IQAC Co-ordinator/Director: **Prof. Dr. V.R. Naik**
- Phone no. /Alternate phone no. : **+91-230-2421300, 2437316**
- Mobile: **09423268945**
- IQAC e-mail address: **dktestextile@gmail.com**
- Alternate Email address: **vrnaik66@gmail.com**

3. Website address: **dkte.ac.in**

Web-link of the AQAR: (Previous Academic Year):

<https://www.dkte.ac.in/index.php/iqar>

4. Whether Academic Calendar prepared during the year?

**Yes. (ANNEXURE-IV)**

If yes, whether it is uploaded in the Institutional website: [www.dkte.ac.in](http://www.dkte.ac.in)

Weblink: <https://www.dkte.ac.in/index.php/academic-calendar>

5. Accreditation Details

Cycle	Grade	CGPA	Year of Accreditation	Validity Period
1 <sup>st</sup>	A+	3.53	2017	05 Years

6. Date of Establishment of IQAC: **17/09/2011**

**7. Internal Quality Assurance System**

**7.1 Quality initiatives by IQAC during the year for promoting quality culture**

<b>Item /Title of the quality initiative by IQAC</b>	<b>Date &amp; duration</b>	<b>Number of participants/beneficiaries</b>
IQAC meeting with coordinators	06/10/2018	11 – IQAC members
Thrust on Enhancement of no. of patents submitted by the institute.	Academic Year 2019-20	--
Annual Quality Assurance Report on website <a href="http://www.dkte.ac.in">www.dkte.ac.in</a>	Academic Year 2018-19	--
Staff Evaluation by students feedback through Contenio	2 times per academic year	All faculty/students
Submission online NIRF data compilation	Yearly	Institution
9001:2015 ISO Certification	24-01-2017	Institution

***Note: Some Quality Assurance initiatives of the institution are:***

- *Regular meeting of Internal Quality Assurance Cell (IQAC); timely submission of Annual Quality Assurance Report (AQAR) to NAAC; Feedback from all stakeholders collected, analysed and used for improvements*
- *Academic Administrative Audit (AAA) conducted and its follow up action*
- *Participation in NIRF*
- *ISO Certification*
- *NBA etc.*
- *CII (Confederation of Indian Industry)*
- *ARIIA (Atal Ranking of Institutions on Innovation Achievements)*
- *Any other Quality Audit*

**8. Provide the list of Special Status conferred by Central/ State Government - UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.**

<b>Institution/ Department/ Faculty</b>	<b>Scheme</b>	<b>Funding agency</b>	<b>Year of award with duration</b>	<b>Amount (in Lac)</b>
Mechanical Dept.	Smart Foundry under TSDP	DST New Delhi	Sept 2016 to Aug 2019	83.694
Mechanical Dept.	Indl. Product Design Centre under NCP	RID Bureau AICTE, Delhi	March 2009 to Feb 2012	22.50

**9. Whether composition of IQAC as per latest NAAC guidelines: Yes**  
\*upload latest notification of formation of IQAC

**10. No. of IQAC meetings held during the year: 01**  
The minutes of IQAC meeting and compliance to the decisions have been uploaded on the institutional website.....  
**No** (Please upload, minutes of meetings and action taken report)

11. Whether IQAC received funding from any of the funding agency to support its activities during the year?

No ✓

If yes, mention the amount: ---- Year: ----

12. Significant contributions made by IQAC during the current year (maximum five bullets)

- \* Institution nominated to work as Mentee for NAAC accreditation of 5 Institutions.
- \* Internal Audit for Department wise.
- \* External Audit (External experts) for all departments.
- \* Conducting Workshops, awareness programs, etc.
- \* Uploading & updating NAAC activities through its SSR and IQAR.

13. Plan of action chalked out by the IQAC in the beginning of the Academic year towards Quality Enhancement and the outcome achieved by the end of the Academic year

Plan of Action	Achievements/Outcomes
Motivating faculty members and PG students for filing Patents	Various departments have submitted (filed) patents through faculty members

14. Whether the AQAR was placed before statutory body? **Yes**

Name of the Statutory body : **Q.A. Cell** Date of meeting(s): **03/10/2019**

15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning?

**No.**

16. Whether institutional data submitted to AISHE: **No. (N/A)**

Year: --- Date of Submission: ---

17. Does the Institution have Management Information System?

**Yes**

If yes, give a brief description and a list of modules currently operational.  
(Maximum 500 words)

A software called Contineo is installed on the server. Various modules like academic and examination are in use. Through this, students, parents, faculty and other higher authorities can log in the systems, and gets information related to various academic and administrative activities.

COE (Controller of Examination) is having examination module, effectively implemented for students, faculty. Through this, academic activities like exam form filling, exam paper setting, evaluation, moderation, make up examination is executed and monitored.

Yes	Yes	Yes	Yes	Yes
1.4.2 How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)				
<p>All the departments collect and analyze Students feedback for faculty. This feedback is scrutinized by incharge of respective departments and after discussing with higher authorities, faculty members are given either appreciation letter for better performance or suggestions for further improvements.</p> <p>Employer's feedback regarding curriculum and Industry requirements are collected by TPO and discussed with respective departments for necessary actions. This employer's feedback regarding curriculum is considered during curriculum revision.</p> <p>Faculty feedback for the institute is collected and analysed and suggestions and hints for covering the grey area are implemented.</p> <p>Every year institute arranges Alumni meet on 26<sup>th</sup> Jan. Large number of alumni participates in alumni meet. All departments through alumni interaction get to know recent best practices and requirements of the industry. These changing needs are incorporated in curriculum.</p> <p>Every year all the departments of the institute arrange parents meet. In parents meet, parents are made aware of changing needs of industries and eligibility criteria for students to appear for campus interviews. Parents are also updated with the attendance and semester exam-I and II marks of their ward for necessary action; also the views and suggestions of parents are appreciated and considered for implementation in the curriculum.</p>

**2.3.2 Students mentoring system available in the institution? Give details. (maximum 500 words)**

Yes, Students mentoring system is available in the institute.

Department designates mentor activity coordinator. At the start of each academic year the coordinator allots a batch of students to a mentor. (Batch size is between 15-20 students). The coordinator provides the templates for the records to be maintained including Student data, Minutes of meeting, Monthly report and End semester report etc. The mentor conducts the meeting of the students once in a week. During the COVID-19 pandemic situation, the mentoring meet was conducted online using different platforms such as Google meet, zoom, Microsoft teams etc. The discussion on Academics, Infrastructure, Co-curricular and Extracurricular activities, Professional guidance is carried out in the mentoring meet. Each mentor sends a monthly report to the class coordinator. The coordinator forwards a summary to Head of the department for necessary actions on unresolved topics. At the end of each semester, the coordinator prepares a summary of the mentoring activity along with feedback on the action taken.

Mentoring Faculty encourage the students and inform them to approach the Industry-Institute Partnership cell, Entrepreneurship development cell and Career guidance cell available at institute. Professional guidance is provided by arranging lectures of eminent personalities from Academic, Industry & Social spheres.

A mentor motivates students to participate in extracurricular activities in addition to academics for example literary, cultural and sports which offer avenues for leadership qualities, decision making abilities, team spirit, precision, analytical capabilities, socio-psychological awareness etc. which make an individual an intellectually mature human being.

Individual attention to students through mentoring contributes to improvement in student's performance and confidence level. Students' academic performance like class attendance, test results is improved and participation in co-curricular activities, paper presentations, technical competition, and participation in social activities are increasing. The strong mentoring activity also helps to identify student's inclination towards research & innovation.

#### 2.7 Student Satisfaction Survey

2.7.1 Student Satisfaction Survey (SSS) on overall institutional performance (Institution may design the questionnaire) (results and details be provided as weblink)

Institute has the mechanism for analyzing student feedback on institutional performance. Responses and opinions of the students on various processes, systems and infrastructure are collected in the following formats:

- Feedback about teaching staff
- Course Exit Survey
- Program exit survey
- Student Perception Survey

Student Perception Survey is conducted offline. The summary is available with HODs of the respective programs.

Below table signifies links for Course Exit Survey, Program Exit Survey and Feed back for respective programs:

### 3.5 Consultancy

#### 3.5.1 Revenue generated from Consultancy during the year

Name of Consultant department	Name of Consultancy project	Consulting/Sponsoring Agency	Revenue generated (amount in rupees)
Textiles	TBI	DKTE's TEI (Shree Chhatrapathi Textile Development forum, Rendal; Pruthvi Electric Bikes, Ichalkaranji; Jambhekar Automation Solutions; Tex US; Adhish Textiles; Saraswat Co-op Bank; (UNDER TBI)	62000
Textiles	TIFAC	Bristi Ummelewara, & Nur Nahar Aktar, BMEA, University of Fashion & Technology, Bangladesh (UNDER TIFAC)	14000
Electronics	Ladder program development for carton packaging machine	Prolific Pune	20000
Electronics	Software development for water distribution system	Protrex Mumbai	20000
Mechanical	Foundry Consultancy Fan Bracket	Parvati Foundry, Mangaonwadi	5000

#### 3.5.2 Revenue generated from Corporate Training by the institution during the year

Name of the Consultant(s) & Department	Title of the Programme	Agency seeking training	Revenue generated (amount in rupees)	Number of trainees
Textile department	Coating Technology	RIT Institute, Islampur	700.00	01
Textile department	Physical Testing	Saraf Suppliers, Ichalkaranji.	1000.00	01

### 3.6 Extension Activities

#### 3.6.1 Number of extension and outreach programmes conducted in collaboration with industry, community and Non- Government Organizations through NSS/NCC/Red cross/Youth Red Cross (YRC) etc., during the year

Title of the Activities	Organizing unit/ agency/ collaborating agency	Number of teachers coordinated in such activities	Number of students participated in such activities
World Environment Day Wednesday-05th June 2019	NSS TEI	5	25
International Day of Yoga	NSS TEI with Art of Living	5	50

NSS CAMP 2 to 08/01/2020	NSS TEI	3	70

3.6.2 Awards and recognition received for extension activities from Government and other recognized bodies during the year

Name of the Activity	Award/ recognition	Awarding bodies	No. of Students benefited
---	---	---	---

3.6.3 Students participating in extension activities with Government Organisations, Non-Government Organisations and programmes such as Swachh Bharat, Aids Awareness, Gender Issue, etc. during the year

Name of the scheme	Organising unit/ agency/ collaborating agency	Name of the activity	Number of teachers <b>co-ordinated</b> such activities	Number of students participated in such activities
N.S.S	DKTE'S Textile and Engineering Institute	Swachh Bharat Abhiyan	2	50

3.7 Collaborations

3.7.1 Number of Collaborative activities for research, faculty exchange, student exchange during the year

Nature of Activity	Participant	Source of financial support	Duration
Student Exchange Program	2	Self Funded	Two semesters

## **CRITERION VI –GOVERNANCE, LEADERSHIP AND MANAGEMENT**

### **6.1 Institutional Vision and Leadership**

6.1.1 Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Institute has formed various statutory and non statutory bodies and committees vested with discretionary authorities to facilitate smooth functioning of Institute. The different committees consist of stake holders, faculty members and student members. The meeting of the Governing Council members is conducted once in every six months. In the meeting financial issues and infrastructure development issues are discussed. The meeting of Principal, HoDs and Dean are conducted every month to monitor all academic and student related activities. Faculty meetings are conducted in every department by HODs on every 1st and 3rd Saturday to convey plans and instructions discussed in Principals meeting and initiate their implementation as well as feedback is taken about the plans being implemented.

Orientation Programme, pedagogy, effective teaching program for the faculty members are conducted at the beginning of year. The senior faculty members conduct training programs on Management Skills, Teaching and learning methodology, Image management, and communication skills. Every faculty member is involved in various academic, administrative and other non-statutory committees. Regular training programmes are conducted for the faculty members and depending on training need analysis faculties were deputed for trainings. Leadership is also groomed at various levels such as for Administrative staff and Students interactive sessions through soft skills programs.

Entrepreneur Skill Development Centre also supports development of leadership. The Management also adopts the practical way of delegating responsibilities to a person to enhance the leadership capabilities. The Management motivates the faculty to conduct co-curricular activities like seminars, work shop, field tours, various projects, updating laboratories etc. The Management ensures academic freedom to the faculty members in teaching process and research. The institute promotes leadership among the students through student council, class representatives, departmental Library Committees, hostel representatives, students associations and coordinators for different co curricular and extracurricular activities.

The College executes different activities in decentralized manner,

- The Top management delegates all the academic and operational decisions based on policy to the Principal.
- The Principal formulates common working procedures and informs the HoD's for implementation.
- The HODs manage the day to day activities of the department.
- A team of Faculty members and class representatives coordinate the co-curricular and extra-curricular activities in the College.
- Other units of the college like sports, arts and library are executed under the guidance of the various committees and students representatives are involved from various departments in the decision making process.

The Governing Body, Finance Committee, quality cell and other committees are formulated as per the participative structures provided by the Government, UGC, AICTE and University. The institute makes sure that every faculty is involved in various committees of the institute and representation from the student community is also ensured. Through the Students Council the students are actively involved in decision making process. The regular meetings and feedback of

different stakeholders is also an element of the participative management. A student quality peer team reports to the Principal every month.

6.1.2 Does the institution have a Management Information System (MIS)? Yes/No/Partial:

**YES, ERP and CONTINEO**

## **6.2 Strategy Development and Deployment**

6.2.1 Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

### **Curriculum Development:**

Each department is having a Departmental Advisory Board which helps in improving and implementing academic quality as per the local and global needs and standards. Departmental Advisory Board (DAB), has representatives from Faculty, Academicians, Industrialists, Student and Parent. Faculty members meet on frequent basis for revising the curriculum. Based on stakeholders' feedback, curriculum contents are updated and modified.

### **Teaching and Learning:**

As per the quality improvement strategy, the Institute plans the academic activities before the commencement of the term. Academic calendar ensures perfect planning of institutional /departmental activities.

- The institute uses learner-centric education approach through the use of appropriate methodologies like group discussions, projects presentations, field work, surveys, seminars, experiments and practical sessions, guest lecturers etc.
- The institute encourages upgradation of the labs according to the revised syllabus. • As per Students feedback analysis report Head of department guides individual faculty to incorporates proper changes in the teaching process.

### **Examination and Evaluation**

1. Continuous evaluation.
2. Two ISE and one SEE. Separate passing of 40 marks in SEE.
3. External faculties are involved in paper setting and practical examination conduction.
4. Quality audit of question papers.

### **Research and Development**

Faculties are encouraged to register for PhDs under qualification improvement program (QIP).

- The faculties are motivated to write research proposal for AICTE/DST funded projects under schemes like IIPC, Research Project Scheme (RPS), Faculty Development Programs (FDP), Modernization and removal of obsolescence (MODROB).
- The faculties are encouraged to apply for patents. The final year projects of students were modified and applied to solve societal problems. These modified projects were documented in the standard patent format and further filed as a patent.
- The faculties are encouraged to participate in International conferences by paying registration fees and travelling allowances.
- Conferences and Seminars are organized by the departments to attract researchers to visit the campus and interact with teachers and students.
- Publications of faculties in different National and international refereed journals, books, articles in edited volumes, seminar proceedings etc. is encouraged.
- Internet, LAN and journal and e-journals are made available to the Principal investigator by the institution to facilitate smooth progress and implementation of research schemes/projects.

- The Institute organizes paper presentations contests, workshops, quiz contests for students to explore their ideas.
- Institute encourages the research and innovations among students by giving rewards and appreciations.
- Funding is provided for filing patent for research work.
- Centre of Excellence in non woven provide practical training in emerging area and also facilitate research and development.

**Library, ICT and Physical Infrastructure / Instrumentation:**

- Central library has e-journals; Computer based Tutors CDs which are effectively used by students and staff of the Institute.
- The institute promotes use of modern teaching-learning aids and application of ICT resources for effective delivery of curriculum to optimize learning outcome.
- The institute promotes use of ICT based teaching learning methodologies for academic planning, assessment and monitoring..

**Human Resource Management:**

The institute uses evaluation methods for teaching/ research of the faculty.

- The institute has definite strategies and implements them while recruiting and retaining faculty and other staff.
- The institute organizes invited lectures for human resource management for faculty.
- The institute supports and ensures the professional development of the faculty and proper budget is allocated for this activity. Institute sponsors the faculty member for paper presentation in conference, participation in seminars and workshops.
- The institute organizes staff development programs for skill upgradation & training of the staff.

**Industry Interaction / Collaboration:**

Institute has a strong industry institute interaction. This distinctive feature is continued through the years by various activities like the student internship, expert lecture sessions from industry persons, trainings, and industrial visits.

The Memorandum of Understanding (MOUs) signed by institute with industry are helping in sharing the technical, professional knowledge as well as practical experiences both for faculty and students as well. Industries have donated the state of art equipments and instruments to the institute. The faculties are deputed for Industrial trainings in India and abroad on their subject areas.

**Admission of Students**

1. Admission cell is formed at institute level
2. Faculty presentations regarding the admission process and opportunities in various branches for the students are arranged.
3. Participation in engineering admission promotion programmes by local social bodies.
4. Organizing awareness programmes about DKTE's engineering programmes at Bhiwandi, Tirupur, Salem, Karur, Solapur, Malegaon, Burhanpur, etc by faculties

**6.2.2 : Implementation of e-governance in areas of operations:**

Planning and Development.  
Administration.  
Finance and Accounts.  
Student Admission and Support.  
Examination

#### **6.4 Financial Management and Resource Mobilization**

6.4.1 Institution conducts internal and external financial audits regularly (with in 100 words each)

6.4.2 Funds / Grants received from management, non-government bodies, individuals, philanthropies during the year(not covered in Criterion III)

Name of the non government funding agencies/ individuals	Funds/ Grants received in Rs.	Purpose

6.4.2 Total corpus fund generated

#### **6.5 Internal Quality Assurance System**

6.5.1 Whether Academic and Administrative Audit (AAA) has been done?

Audit Type	External		Internal	
	Yes/No	Agency	Yes/No	Authority
Academic	YES	ISO/NBA	YES	Mutual between departments
Administrative	YES	ISO/NBA	YES	Mutual between departments

6.5.2 Activities and support from the Parent – Teacher Association (at least three)

Each department organises the Parent-Teacher Meet semester wise in which the progress of ward is conveyed to parents with respect to attendance, exam performance, etc. Also awareness about institution progress like MOU's, new lab setup, faculty developments etc is informed to parents and discussion is carried out regarding efforts taken by department in regards of placement activities etc. is done.

6.5.3 Development programmes for support staff (at least three)

Whenever a new lab setup is done or new instruments are purchased or any upgrade to existing instrument is done a demo and training session is arranged with help of supplier for supporting staff and teaching faculty. Supporting staff are encouraged to attend the workshops conducted online by suppliers/ companies/ institutions.

6.5.4 Post Accreditation initiative(s) (mention at least three)

We have tried to continue the process of self-criticism so as to improvise, and innovate it new ideas leading to improvements in our commitments to our primary stakeholders, the students. To streamline the existing curriculum with AICTE model curriculum many refinements are carried out with respect to credits of courses also many new courses are added some of which are audit course also. While implementing model curriculum the need of industry, responsibility towards society etc. is considered. Accordingly the teaching learning process has been modified.

**6.5.5**

- a. Submission of Data for AISHE portal : (Yes /No) Yes  
b. Participation in NIRF : (Yes /No) Yes  
c. ISO Certification : (Yes /No) Yes  
d. NBA or any other quality audit : (Yes /No) Yes

**6.5.6 Number of Quality Initiatives undertaken during the year**

## CRITERION VII: INSTITUTIONAL VALUES AND BEST PRACTICES

### 7.1 Institutional Values and Social Responsibilities

#### 7.1.1 Gender Equity (Number of gender equity promotion programmes organized by the institution during the year)

Title of the programme	Period (from-to)	Participants	
		Female	Male
Gender equity promotion programmes	25/01/2020	210	300
All Committee (ICC) Members Meeting	25/01/2020 at 4.30 pm	25

#### 7.1.2 Environmental Consciousness and Sustainability/ Alternate Energy initiatives such as:

Percentage of power requirement of the college meets by the Renewable Energy sources. The Institute is committed towards energy conservation. The common areas in the institute are illuminated with LED lights, which lead to an energy saving upto 40 % as compared to conventional lights. Fans in the college are fitted with electronic fan regulators which achieves power saving upto 49% as per compare to normal fan regulators. Also measures are taken to reduce the maximum demand by scattering the heavy load at different time and maintaining the power factor at unity along with adoption of proper preventive maintenance. All the computers in the college have LCD monitors instead of CRT monitors. Awareness about power saving is created among students by campaigns organized through Energy Club. Poster presentations, quiz's are also organized for sensitizing students about energy issues. The objective of energy club is to create awareness about energy conservation.

#### ❖ Use of Renewable Energy:

- The Institute has taken initiatives to use renewable energy. The hostels are fitted with solar water heaters and solar lighting system.
- Expert lecture on Future Electrification Technologies for Strategies for Low carbon society in India on 26th Dec. 2019 by Mr. Raju B. Ketkale (Senior Vice President & Director of Toyota Kirloskar Motors (P) Limited, Bangalore.
- "Energy Swaraj Foundation" and Electrical Engineering Department organized a course & quiz on "Learn to design a solar system" in September 2020.
- IEEE Student Branch DKTE (STB17301) team - Diwali 2020 celebrated Solar wali" for eco-friendly celebration. [Students Members of IEEE are Prepared more than 100 solar Diya to promote use of Renewable Energy Resources (Solar Energy) in day to day Applications.

**7.1.3 Differently abled (Divyangjan) friendliness :**

Items Facilities	Yes/No	No. of Beneficiaries
Physical facilities	Yes	100

### 7.1.6 Activities conducted for promotion of universal Values and Ethics

Activity	Duration (from-----to-----)	Number of participants
1. Meditation and yoga practice. (Under the Life skill professional ethics program)	23/11/2019 To 23/11/2019	240
2. Webinar on "Etiquette and Manners"	30/07/2020	256

### **7.1.7 Initiatives taken by the institution to make the campus eco-friendly (at least five)**

- ❖ **Constitution of Nature and Yoga Club**

Institute has constituted well-functioning and committed Excussia Nature and Yoga club

  - a. It consists faculty from Environmental sciences and each department along with two student representatives
  - b. Nature and Yoga club works for conservation and action based activities with participation of faculty and students
  - c. It helps to nurture value of it in the mind of passerby.
- ❖ **Activities carried by Nature and Yoga Club of the Institute**
  - a. Institute has prepared Environmental Status Report (ESR) for Ichalkaranji city through Nature and Yoga Club
  - b. Yoga and Meditation camp for students and faculty Nature and Yoga club organizes Yoga and Meditation camp and programme for students and faculty. Trainers from Art of Living Ichalkaranji are invited to conduct the programme
  - c. Promotes student to participate in Yoga and related events at University , regional and national level in which they excel and bag rewards usually
  - d. Has carried naming all plants and trees with local and scientific name
  - e. Green Audit report preparation – Institute through nature and Yoga club prepares Green Audit Report every year and incorporates its measures for improving green performance.
- ❖ **Waste collection and disposal::**

Daily Waste generated in institute campus including canteen, garden, and premises is segregated. It is collected by Waste collection vehicle of Ichalkaranji Municipal Corporation on daily basis. It helps to maintain campus clean.
- ❖ **Rain water harvesting system:**

The Institute has well-functioning Rain Water Harvesting system occupying 4455 Sqm. which collects about 15 Lakh L rain water annually during rainy days. It is transferred to well-located in Rajwada area through underground piping system.
- ❖ **Informative campus for trees and central garden**

Names of trees are displayed on trees in campus for identification as part of plant diversity adding aesthetics of the campus. Also institute has central garden attracting once attention and keeping sense of nature's beauty in passerby.
- ❖ **Display boards for community awareness:**

Institute campus has displayed display boards on avoiding food wastage, cleanliness on noticing places to making community aware.

### **7.2 Best Practices (all departments)**

(Describe at least two institutional best practices. Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link)

#### **Textile Dept.**

#### **1. Mentoring Activity:**

In this a group of 15-20 students is assigned to a faculty. The faculty is treated as their mentor. The mentoring activity is conducted every week in which the mentor conducts the meeting of the students and discusses their problems and other issues. The mentor has

to maintain the whole record of the students for three years. Mentor is supposed to solve the academics as well as non-academic problems of the students.

**2. Internship for the students: TY and Final Year Textile students undergo one month in plant training**

Internship is included in syllabus at third year and final year for all B.Tech textile students. Duration of Internship is 1 month and students are placed in various textile industries all over in India and abroad as well. This training becomes very much useful for students to understand the theory learnt in class room.

**3. Preplacement training offer:**

Reputed textile companies like Welspun, Trident, Raymond, Vardhaman, Reliance offering campus recruitment training programme. Selected students will undergo 1 month training and based on performance students will get placement.

**4. Practical in local industries:**

In each semester in one or two practicals are conducted in nearby textile industries to improve hands on training.

**Electronics Dept.:**

**1. Mentoring Activity:**

In this a group of 15-20 students is assigned to a faculty. The faculty is treated as their mentor. The mentoring activity is conducted every week in which the mentor conducts the meeting of the students and discusses their problems and other issues. The mentor has to maintain the whole record of the students for three years. Mentor is supposed to solve the academics as well as non-academic problems of the students.

**2. Internship for the students:**

All the third year students are supposed to undergo 1 or 2 weeks industrial training in winter vacations. The department identifies the industries and allocates the students to various industries. This training provides industry awareness to the students. After completion of the training the student has to submit the report regarding the training and also has to give oral presentation for the same.

**3. Mini-project exhibition:**

Every year on the occasion of Engineers day, department organises mini-project competition and exhibition. The students from second, third and final year classes exhibits their projects. The students from nearby junior colleges are invited to visit the exhibition in order to create the awareness regarding engineering education.

**4. Participation in National Level Competitions:**

Third year and final year students are encouraged to participate in various national level project design competitions such as ARM design contest, Texas Research, Mitsubishi Cup Drive, KPIT innovation challenge and HAKATHON. This year project on Solar Byke was shortlisted for the final round of Smart Hakathon.

**5. Workshops :**

To enhance the practical knowledge of the students, it is the practice of the department to conduct the workshops on PCB design, Robotics etc for second & third year students.

**6. Soft Skill Activity:**

To develop the soft skill and aptitude skills of the students, the soft skill activity is conducted for all the third year students at the end of third year. In this activity the

aptitude skills, essay writing, technical skill are developed which are important for placement drive.

#### **Mechanical Dept.**

##### **1. Relevant curriculum in a fast changing world.**

Department has B.O.S. Committee constituting of subject experts from different specialisation from industries and academics. Every semester there is a meeting to modify syllabi of different subjects.

##### **2. Emerging areas in innovative and inter disciplinary areas have to be evolved.**

Subjects like Body In White Design Concepts and Plastic Trims in Automobiles, MEMS, PLC & SCADA, Industrial Automation, Mechatronics are introduced in the program, to accommodate new and innovative technologies and to work in interdisciplinary manner. Power Plant Engineering subject is introduced to accommodate needs of Thermax PVT. LTD. Product Design And Development subject is introduced to meet needs of TTL PVT. LTD

#### **ETC Dept.**

##### **1. Mentoring Activity:**

For a group of 20 students, one mentor is allotted. The mentoring activity is carried out weekly. Slots are assigned in time table. The teacher has to maintain the record of allotted students. Record includes the personal and academic information of each student. The mentors are taking care of students and helping them to solve their academic and non academic problems.

##### **2. Internship:**

As per the curriculum, the students of third year after first semester theory examination completion have to undergo the internship of minimum 2 weeks in the various Industries. This internship provides the industry awareness to the students. At the end of the Internship, students have to submit a technical report of the same and also have to give presentation on their internship experience.

#### **MBA Dept.**

Department of Management Studies has the best practice of providing Business Standard newspaper to all the students every day. Department has MOU with Business Standard newspaper, through which every year department organises "Business Quiz" where in the quiz is conducted by "Business Standard" and winners are honoured with gold, silver and bronze medals by "Business Standard".

### **7.3 Institutional Distinctiveness**

(Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust. Provide the weblink of the institution in not more than 500 words.)

#### **Industry Institute Interaction**

- Institute has a strong industry institute interaction. This distinctive feature is continued through the years by various activities like the student internship, expert lecture sessions from industry persons, trainings, and industrial visits.

- The Memorandum of Understanding (MOUs) signed by institute with industry are helping in sharing the technical, professional knowledge as well as practical experiences both for faculty and students as well. Industries have donated the state of art equipments and instruments to the institute.
- The companies like BOSCH, Mistubhishi electric etc. have their industry sponsored laboratory set ups in the institute through which the students as well the nearby small scale industry personnel are also trained. Bosch-Rexroth's center of competence has specific focus on inculcating skills in the areas of Programmable Logic Controllers, Industrial Automation and Industrial Electro-Hydraulics and Electro-Pneumatics. Students are accordingly trained to tackle industrial problems. Students are encouraged to do their project and research in Automation.
- Being the autonomous institute, the institute supports for the skill development of the students and wants to generate the industry ready engineers. For this purpose, the emerging and current technologies are needed to be incorporated in the curriculum. So, different industry persons have been appointed on the board of studies as well as on academic council of the institute who look after and validate the curriculum development and modifications on time to time basis.
- Institute always support for the industrial trainings to be done by the faculty as well as students. Institute has made the internships compulsory in the undergraduate as well as post graduate curriculum to introduce the students with the industry environment.
- On periodic basis, institute organizes the expert guidance sessions from the industry persons on the recent and new emerging technologies. This helps to bridge the gap between the academia and the industry. Institute always encourages the sponsored projects from the industry. The nearby industries, public sector companies and banks also support the students by providing their problem statements for doing the cap stone projects. They also support the students with technical as well as non-technical contents and sometimes with the components needed for completion of the projects.
- At the same time students from different programs participate in the project design contests floated by the different leading industries addressing to different socio economical issues. After getting selected in these design contests students have got even placements in the reputed companies on the basis of designs they have done and provided during these contests. In some of the contests the students and their faculty mentors have got the certificate of appreciation from the companies as well they have got invitation to visit the company headquarters in the foreign countries which is sponsored by the companies themselves.
- The technical events like a national level technical activity, Tech symposium, as well as mini project exhibitions are held every year. These activities are helping to develop the design aspect of the students. For these events the industry personnel are invited as judges.

**8. Future Plans of action for next academic year (500 words)**

During next academic year, it has been planned to focus on job oriented certifications like AWS Certification, IBM Certification, Tata Technology – Ready Engineer Certification, Thermax - Power Plant Certification in various disciplines. Getting leverage of autonomy, through such certifications, more specific industry linked training is possible. These certifications will enhance job opportunity to students.

This will also enable students to seek better career options in the area of their liking and choice, to work for industry.

Students of third year of all branches, especially will be motivated and encouraged to generate curiosity about IPR and start-up related knowhow.

<b>Title of field Projects</b>	<b>No.of students enrolled</b>
<b>TT</b>	
Study and use of Industrial Engineering in Decentralized Weaving Unit.	4
Study of ultraviolet protection properties of woven fabric of different weaves.	4
To study the effect of contamination removal efficiency with different electronic yarn clearer.	4
<b>TPE</b>	
Evaluation of Knit Fabric properties produced from cotton and excel yarn at various stages of chemical processing.	4
Improving Productivity of Handloom	3
Fabrication of Crease Recovery Tester	4
<b>TC</b>	
Study in Treatment of Textile Effluent : An Innovative ZLD Approach	4
Preparation and Application of Natural Auxiliaries on Cotton	4
Waste Flowers for Dyeing of Cotton	4
Development of Need based Inserts for Face Mask	4
Graphene Oxide Coated Textiles Material for Supercapacitor	4
Studies of Drug Coated Biopolymer based on Nanofibres Material for Medical Application	4
<b>MMTT</b>	
Studies on the fabrics with Cuprammonium and polyester air textured blended yarn.	4
Studies on fabrics with recycled textured polyester yarn.	4
Comparative study of fabrics made from normal polyester filament yarn and kooltex polyester filament yarn.	4
Manufacture and study the properties of knitted fabric made from cuprammonium and viscose yarn.	4
<b>FT</b>	
Design and fabrication of electronic device on sewing machine -Industry sponsored Project – Mahavir Garment	4
Manufacture and studies of woven fabric made from 75D cuprammonium rayon, Industry Sponsored Project- Asahi Kasei	3
